Replace the Best with the Best!

Millions of White-Rodgers mercury-cell mechanical thermostats have been installed over the last 50 years. The best mercury-free replacement is... White-Rodgers.

- New mercury-free mechanicals offer quick and easy replacement
- Same size as our older models and feature updated styling
- Same footprint saves time and aggravation, so wall marks are not a problem and no cover-up wallplate is necessary
- Four new models replace most White-Rodgers and competitive mercury mechanical models

- Packaging is bilingual (English/French) and includes a complete model cross-reference

Lastly, as a member of the Thermostat Recycling Corporation (TRC), White-Rodgers would like to remind you to properly dispose of any product containing mercury.
